## Section F: Grace Period and Policy Lapse

9.1 A Grace Period of thirty (30) days from the Premium Due Date is allowed for payment of each renewal premium, as stated in the Policy Schedule, during which period the Policy shall continue to be in force.

9.2 If a claim arises during the Grace Period before the outstanding premium is paid, the Company may deduct the outstanding premium (and, where applicable, interest) from the claim amount payable.

9.3 If the premium is not received even within the Grace Period, the Policy shall lapse, and all Health Cover and accrued benefits under the Policy shall stand forfeited with effect from the original Premium Due Date, not the end of the Grace Period.

9.4 Notwithstanding the Grace Period referred to in the Policy Schedule and in Section 9.1 above, for the purposes of determining continuity of coverage for Pre-Existing Disease and Specific Illness waiting periods under Part III, Section B, the Company shall apply a grace period of fifteen (15) days from the Premium Due Date. Any hospitalization event occurring between the 16th and 30th day after a Premium Due Date, where the renewal premium remains unpaid as of the date of the event, shall not count towards continuity of coverage for waiting-period purposes, notwithstanding that the Policy had not yet lapsed under Section 9.1.

## Section G: Free-Look Period

10.1 The Policyholder has the option to review the terms and conditions of this Policy within 15 days from the date of receipt of the Policy Document. If the Policyholder disagrees with any terms or conditions, the Policyholder has the option to return the Policy, stating the reasons for objection, and shall be entitled to a refund of premium paid, subject only to a deduction of proportionate risk premium for the period of cover, stamp duty charges, and any medical examination expenses incurred by the Company.

## Part V — Section H: Maturity Benefit and Payout

11.1 Subject to all premiums due having been paid in full up to the Premium Payment Term and this Policy being in force, the Company shall pay the Guaranteed Maturity Benefit of ₹18,50,000 to the Policyholder on survival to the Policy Maturity Date of 10 April 2064.

11.2 The Policyholder is advised that the Policy Maturity Date falls when the Policyholder attains the age of 99 years, being 45 years after the final premium is due under the Premium Payment Term (which concludes in 2038). No partial withdrawal of the Guaranteed Maturity Benefit is permitted before the Policy Maturity Date except as provided under Section I (Surrender Value and Policy Loan).

11.3 In the event of the death of the Policyholder at any time after the Policy is in force and before the Policy Maturity Date, the Nominee shall receive the Sum Assured of ₹10,00,000 (Health Cover component only); the Guaranteed Maturity Benefit shall not be payable on death and shall stand extinguished.

| Between 5 and 10 completed Policy Years | 70% of premiums paid, less a surrender charge of 30%                                            |
| After 10 completed Policy Years         | 90% of premiums paid, less a surrender charge of 10%, and less any accrued bonus already vested |

12.2 A Policy Loan of up to 80% of the Surrender Value is available after completion of 3 Policy Years, at an interest rate of 10.5% per annum (subject to revision by the Company from time to time). Any outstanding loan amount together with accrued interest shall be deducted from the Guaranteed Maturity Benefit or the death benefit, as applicable, at the time of payout.

## Part VI — Section J: Claim Procedure and Conditions for Rejection

13.1 Written notice of any hospitalization event giving rise to a claim must be given to the Company within 48 hours of admission (or before discharge in case of emergency admission), and the completed claim form together with supporting documents must be submitted within 30 days of discharge from the hospital. 13.3 In the event of any discrepancy or inconsistency in the information provided by the Policyholder at the proposal stage, whether or not discovered before or after a claim, the entire risk and financial consequence of such discrepancy shall lie with the Policyholder or the Nominee, as the case may be, and the Company shall bear no liability whatsoever for any claim so affected, including claims already admitted where such discrepancy is discovered subsequently, in which case the Company reserves the right to recover amounts already paid.

14.4 The Company may, at its discretion, appoint a Third-Party Administrator (TPA) for claims processing.
